

ABOUT US

SAE is the Mobile App which helps you to find genuine feedback/opinion for your product or services. We well know in-person interview is the best method for taking feedback/survey/opinion. So just like this SAE App does the same thing, mobile will speak the questions and the respondent will answer by speaking.

Here is no need written efforts and no need to reading efforts of the quotation.
Just listen and speak.

We conduct your survey on behalf of you and sent your surveys to targeted customers. It is available for everyone according to their budget. And we give survey results by using Data analysis and AI.
